Products/Services:**Laboratory and Testing Services**

Over 90 laboratories at the four
national research centers can
offer research and development
services as well as testing services
such as Rubbers Laboratory,
CAD/CAE Laboratory and
Automotive Laboratory.

**Science & Technology
Knowledge Services (STKS)**

A digital hub for the latest
information and knowledge as a
library, including offering services
such as science & technology
databases, electronic journals
and a collection of science &
technology books as well.

**Technology Licensing Office
(TLO)**

- Providing consultation on
intellectual property law and
practice as well as technology
licensing office operation.

- Preparing applications for
patent, petty patent, trademark
and copyright protection, filling
applications at the Department
of Intellectual Property.

**Innovative Technology
Assistance Program (ITAP)**

- Providing industrial consultancy
such as technical preliminary
analysis and technology
roadmap, seeking and
coordinating between technical
experts and entrepreneurs.
- Provision of industrial and
technology information related.
- Technology acquisition both
domestic and oversea as well as
techno-business matching and
linkage to other industrial service
organizations.

**Financial Support Services for
Research and Development**

- Providing financial support in
the form of "low-interest loans" to
industrial operators who want to
do research and development in
order to develop new products.
- Promoting investment in
science and technology by
co-investing with the ultimate
goal of benefiting Thailand's
economy and society.

**Research and Development
Certification Committee
Secretariat (RDC)**

Providing consultation on
revenue advantage for
R&D Project Owner as well as
some conditions for gaining tax
exemption.

**Human Resource Development
Services**

Providing training and seminar
on specific business and
technology topics and specialist
database.

Thailand Science Park (TSP)

The largest fully-integrated R&D Hub in Thailand
Thailand Science Park, the most attractive location in Thailand to invest in your research, development and innovation activities with more than eighty-five technology companies, four national research centers, three universities and one medical school. It was positioned an ideal location for companies to set up their science and technology based operations in Asia. With well-equipped physical and knowledge infrastructure that encourages companies to innovate technological-based products and services, corporate tenants can utilize the park's facilities to develop innovations to serve the market much faster and, importantly, with cost-efficiency.

Reed Tradex:

Nurture Your Business

Reed Tradex is ASEAN's leading exhibition organizer. We are a member of Reed Exhibitions, the world's leading events organizer who creates high profile, targeted industry events where buyers and suppliers come together to do business. Our global portfolio includes over 500 events in 30 countries, serving 43 industry sectors. In Thailand and Vietnam, we organize over 20 strong brands of international exhibitions and conferences.

34 Years of Successes

For 34 years, Reed Tradex has been forming circles of business contacts for many industries using unique skills in Event Strategy, Financial Control, Operations Excellence, and Integrated Marketing Communications, that can only be excelled through experiences and connections.

Market Reach

- In Thailand and Vietnam
- Over 1,000 suppliers and more than 300,000 buyers annually.

Successful World-level Track Record

Our successes include:

• "The Exhibition Commemorating the 60th Anniversary of His Majesty the King's Accession to the Throne" A 17-day historical event which six million Thais from across the country attended.

• "Royal Flora Ratchaphruek 2006"

The first world-class international horticultural exposition in Southeast Asia. It ran for three months. 3.8 million tourists from around the world visited.

Trade Promotion Services

We also service exporters in food, gift, horticultural, hospitality and lifestyle, jewelry, and subcontracting sectors to exhibit in Reed Exhibitions' events in other countries.
